Brandon Public Library

NEW CLASSES! With a Grant reward:

Cindy Baily, Laconia LMS, and Christy Ross, Director of Brandon Public Library have been working together for many years. They are glad to announce Laconia and the Brandon Public Library have been awarded a nearly $10,000 grant by from the Institute of Museum and Library Services which administers the Library Services and Technology Act (LSTA). This project will be aimed at students of high school age (14-19 years old) that reside within the Rosendale-Brandon School District or the area that is served by the Brandon Public Library.

These workshops would teach the attendees basic life skills, while encouraging students to think for themselves, gain independence and grow relationships with peers. Adults are welcome as space allows. Please contact the librarian if interested. There would be a series of 8 workshops (one per month September thru May, skipping December) that will fill the gap of not having home-economics offered in school. The workshops will be the same at both locations - so feel free to attend one or the other, both, or only the ones that interest you.
